INSTRUCTIONS FOR INSPECTOR EVALUATION WORKSHEET

1. Each potential inspector needs to complete the training and experience worksheet.
 - a. Complete items on the worksheet.
 - b. Check training courses received.
 - (1) If other related training has been received, such as ACI, check other block and describe under appropriate item.
 - c. Listing of jobs needs not exceed 5 assisted or 8 responsible jobs.
 - (1) List only jobs that took at least 30 days of work. Small jobs in a contract may count as one job for each 30 days of work if contract exceeded 30 days work.
 - (a) Example: EWP jobs taking 15 days work each count as one job. Four of these count as two jobs.
 - (b) Example: A small EWP purchase order for sediment removal taking three days is not to be listed.
 - (2) List only job experience during the previous ten years.
 - d. List all work by site or project and not by contract.
2. “Assist” means when doing or helping on work items, but not the responsible person.
3. “Chief” or “Responsible” means only those jobs that were performed as the responsible person.
4. Inspector - submit experience and training list to supervisor.
